WHAT TO BRING? | People coming to the event should bring their own tables and chairs. Some folks build their own booth, while others use pop-up tents. You can set up things the way you like. If you need space, there is roughly a 10x10 area, but most people don't use it all. Just remember, there's no power, so bring a grill or a propane/gas stove if you want to cook or heat up your chili.
